WORK HISTORY

March 2021 - Current

Crew Shift Lead *Pix Theater*, Albany, Oregon

- Promoted to Crew Shift Lead overseeing front-of-house operations, kitchen workflow, inventory, and staffing coordination.
- Improved labor efficiency by 30% through optimized crew allocation.
- Trained and mentored 10+ employees into reliable team members.

EDUCATION

Expected in April 2026

B.S. Computer Science (HCI Focus)

Oregon State University, Corvallis, OR

PROJECTS

Connect Corvallis – Civic Reporting App

Flutter, Firebase, Firestore, Google Cloud

- Built a cross-platform Flutter app for real-time civic and safety reporting
- Implemented serverless backend with Firebase and a secure token-based access control
- Designed report ingestion pipeline for time-sensitive submissions
- Pacific Power Engineering Excellence Award (Spring 2025)

Cloud-Based Course Manager API

Google Cloud, Docker, REST, JWT, OAuth

- Developed and deployed containerized REST API on Google Cloud
- Implemented JWT/JWS authentication and role based access control
- Built secure CRUD endpoints with OAuth integration

GPS Scavenger Hunt

Android SDK, Kotlin, Location Services

- Developed native Android app using GPS and runtime permissions
- Implemented geolocation-based progression and local state persistence

AWARDS

Pacific Power Engineering Excellence Award (Spring 2025) - OSU Engineering Expo

Eagle Scout Award - Boy Scouts of America
